

GAR PRESSURE REGULATOR

GA SERIES REGULATOR

Benefits:

- Pressure and flow balanced pressure adjustment mechanism
- The pressed-in self-locking mechanism can prevent the abnormal movement of the set pressure caused by external interfere
- In addition to panel installation, the bracket is optional for installation.

TECHNICAL DETAILS

Port size

GAR200-06: G1/8"
GAR200-08, GAR300-08 & GAR400-08: G1/4"
GAR300-10, GAR400-10: G3/8"
GAR400-15: G1/2"
GAR600-20: G3/4"
GAR600-25: G1"

Pressure range

Output pressure 0,5-9,0 bar
Maximum supply pressure 10 bar

Material

Body - Aluminium alloy
Knob - POM
Diaphragm - NBR
Springs - Steel (SWPB)
